- To restore the factory password: In the powered state → Press the gear and timer keys simultaneously for 2 seconds → The buzzer will ring two times → The Bluetooth reset is complete.

Precautions  
MAINTENANCE

- When the following situations occur, the machine needs to be cleaned**
- Prepare to switch to another essential oil for use.
  - The atomization effect has become less and less obvious over time.
- Cleaning steps**
- Pull out the atomizer head and unscrew the bottle
  - Put an appropriate amount of alcohol in an essential oil bottle and place it on the device for atomization for 5 to 10 minutes, then let it absorb the odors.
  - After it has dried, the cleaning process is completed.
