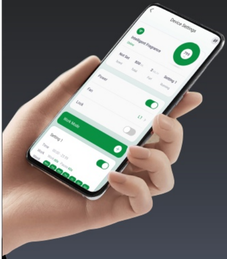
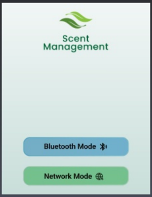
## II、APP control



1、Power on: The machine will automatically power on when plugged in. Press the power button for 2 seconds to turn it on/off. ;
2、Use your mobile browser to scan the QR code in the manual to download and install the app.;
3、Open the app to register and log in to your account.;
4、Choose either the standalone (Bluetooth) mode or networked (WIFI) mode based on the supported functions of the machine.;
5、For detailed operations, refer to the product manual.



# Precautions

## MAINTENANCE

### When the following situations occur, the machine needs to be cleaned

1. Prepare to switch to another essential oil for use.
2. The atomization effect has become less and less obvious over time.

### Cleaning steps

1. Pull out the atomizer head and unscrew the bottle
2. Put an appropriate amount of alcohol in an essential oil bottle and place it on the device for atomization for 5 to 10 minutes, then let it absorb the odors.
3. After it has dried, the cleaning process is completed.
